

## COMPANY PROFILE

Page 1/3

### **SERVING HEALTHCARE WORLDWIDE:**

The face of healthcare industry is changing and we are helping you to face the challenges of this change. We, at LIBRAN Surgical, started as a small workshop at the start of last couple decades and now have become one of the leading manufacturers of surgical and Medical instruments in the world. Today our products are sold worldwide, from Asia, Africa to Europe and Gulf.

**LIBRAN Surgical** is a family owned company specialized in the production of Surgical & Medical Instruments.

The **LIBRAN Surgical** has established a worldwide reputation since 2012, and with our products and service we help our customers to differentiate themselves in their markets.

**LIBRAN Surgical** is a family-owned company whose Family is being engaged in the manufacturing of Surgical and Medical instruments since decades. **LIBRAN Surgical** also is known for its diagnostic instruments, including Oscopes, Stethoscopes, Laryngoscopes and more. Visit our website [www.libransurgical.com](http://www.libransurgical.com)

### **PRODUCT PORTFOLIO:**

**LIBRAN Surgical** manufactures and distributes a wide range of small-scale diagnostic instruments, including Oscopes, Ophthalmoscopes, Dermatoscopes, Laryngoscopes, Blood Pressure Monitors, and Metal instruments, Hospital Hollowware, Dental Instruments, Veterinary Instruments, Orthopedic Instruments, Gynecology Instruments, Beauty Instruments, Stethoscopes, Hospital Wears, Scalpel Handles/Blades etc. Libran Surgical have also received the **Gold Membership of Tradewheel.com**, which is based in the US and is one of the Best B2B marketplaces for Global Manufacturers, Suppliers, Buyers, Importers, Wholesalers and Traders to do business online.

### **FOCUS ON QUALITY AND DEVELOPMENT:**

**LIBRAN Surgical** relies on its own research and development department, as well as cooperation with doctors, professors, and local universities in developing new products and improving existing instruments.

### **EXPORT BUSINESS:**

1969 to 2012 our family has been engaged in the manufacturing of Surgical & Medical Instruments for the local Exporters. But for exports purpose, our family joined with other well experienced engineered family and registered a firm. Since 2013, we started to export our own production by ourselves. Unfortunately, the head of other family passed away while his family sold out this business to our family. Since then to-date, we are running this business by the name of LIBRAN Surgical.

### **EXPAND OF PRODUCTION:**

Due to business growth and insufficient factory space, we decided to shift our factory from Sialkot to Ugoki City.
